REVISION HISTORY

=====

Version	Date	Author	Summary of Changes
1.0	15-Jan-2021	R. Chandrasekaran	Initial Release
1.3	20-Mar-2022	R. Chandrasekaran	Updated ticket table classifications

1. PURPOSE

=====

This policy establishes data classification levels to protect information assets from unauthorized disclosure.

2. SCOPE

=====

Applies to all data processed, stored, or transmitted by managed services.

3. POLICY STATEMENT

=====

3.1 Classification Levels

- Public: Publicly accessible information.
- Internal: General operations documentation.
- Confidential: Ticket data, database tables (SUPPORT_TICKETS, PROD_TICKETS).
- Restricted: CDR data, PII (MSISDN, IMSI, email), credentials, API keys.

4. PROCEDURES

=====

4.1 Data Labeling

- 4.1.1 All files and database columns must be labeled with their classification level.
